Elderly people who live alone should be taken care of.

Write 100–120 words.

We are all getting older. It is our duty to make our parent's life better when they get pensioners. So, most of us will do it. But there are some elderly people who don't have relatives or family. Unfortunately, it happens very often. They have to take care of themselves. They will not have all these little pleasures that we will give to our parents. And we should help them, should not we? I hope that we will find a lot of ways to do it, because everyone should have bright future. I think that I will do it!
